Establishment for the conservancy of the main wat feeder and the catchment of the Distillery tanks at Bangalore

On 15th October 1895, the Chief Engineer requested the President of the Bangalore City municipality to look after the conservancy of the main water feeder and the catchment of the Distillery tanks at Bangalore. Accordingly provision was made in the Municipal Budget to meet the cost of establishment here for and other charges as noted in the margin & ~~Upon enquiry~~ ~~receipt of letter~~ the President was requested to state whether the work was written or without Municipal limits and if the
